**SUNRISE UKRAINE**  
**Charitable Foundation**

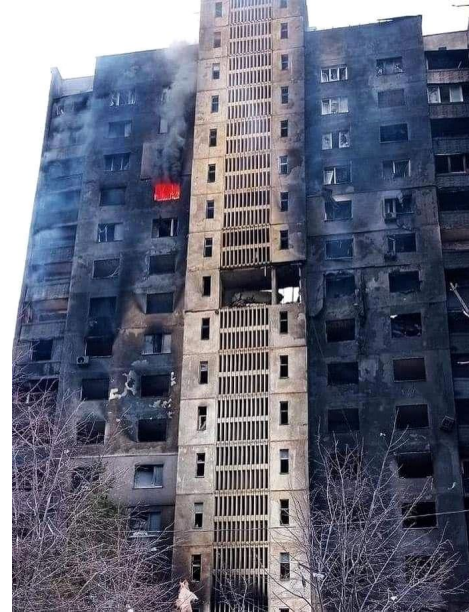

On 24 February Russia attacked Ukraine.  
Ukraine needs your support.

There is no fear,  
there is anxiety  
and hope,  
because the  
whole city is a  
potential target.

# About us

Sunrise Ukraine Charitable Foundation is, first of all, **caring people who have united** to help the residents of Kharkiv and other frontline areas of Ukraine who have not left their homes.

From the very beginning of the attack by Russian occupiers **we have been collecting and delivering all necessary to the victims:** medicines, food, baby food, clothes, hygiene products at our own expense and for donations from Ukrainians.

Our foundation was established **in order to provide a large number of requests from the affected civilians and our soldiers.**
